

SPINK COUNTY DRAINAGE BOARD
March 16, 2010

The Spink County Drainage Board met on March 16, 2010 at 10:30 am. Chairman Dave Albrecht called the meeting to order with Jeff Albrecht, Brian Johnson, Craig Johnson, Jerry Zerbel and Drainage Administrator Kimberly Markley present. Guests present were Jim Hansen, Curtis Rahm, Clifton Township, Darrel Remily and Gary Remily applicants, Jessica Avery, Planning & Zoning Administrator, Josh Underberg & Jeff Haessig, Spink County Highway Superintendent.

A motion was made to approve the minutes from October 16, 2009 drainage meeting by B. Johnson and second by J. Albrecht. Motion carried.

Markley read the application to install a culvert between the north half of 24-118-62 and the north half of 23-118-62. A map of the area was distributed. Gary Remily, applicant informed the board that they would like a 16" to 24" culvert installed.

A wetland determination has not been received from NRCS yet.

Jim Hansen submitted pictures taken in his farm yard showing the amount of water in his farm yard today. He believes putting in the culvert will result in more water problems in his farm yard. He believes an engineering study and surveying needs to be done. Randy Maddox former Emergency Manager had starting working to help with this problem and is no longer with the county.

Curtis Rahm, Clifton Township believes survey needs to be done and maybe putting the culvert in the county road to the north between sec 13 & 24 and putting in a 2' -3' ditch on the east side of the township road would be a better solution.

Jeff Haesigg, Spink Co Highway Superintendent was available to answer questions.

C Johnson made a motion to table the applications until a wet land determination is received, second B Johnson, Motion carried.

Markley will contact emergency manager with questions concerning this area.

A motion was made to adjourn as the Drainage Board by Zerbel, second J Albrecht. Motion carried.
